# CONSTRUCTION AND TRAFFIC BULLETIN Port Moody

## Update for Cecile Drive

EGRT Construction is working to reopen the north lane of Cecile Drive as soon as possible. We had anticipated that the north lane would be open by the end of this week (February 6). However, additional geotechnical assessment on Cecile Drive is required to confirm the north lane is safe to reopen.

We recognize the inconvenience that the Cecile Drive road closure has on residents and are working to open one lane of the road as soon as possible. We will update the public with a Construction and Traffic Bulletin regarding reopening the north lane. In addition, updates will be available on [www.evergreenline.gov.bc.ca](http://www.evergreenline.gov.bc.ca).

To remind drivers to adhere to speed limits, traffic control personnel and speed reader boards will be placed on Tuxedo Drive and Highview Place.

The tunnel boring machine (TBM) maintenance below Cecile Drive will continue for approximately two more weeks. Once the maintenance is complete, the TBM will resume boring and final road restoration of Cecile Drive will follow.

Thank you again for your continued patience while we complete this work. If you have any further questions or concerns, please contact the Evergreen Line Project at 604-927-2080, available 24 hours a day, seven days a week.

### ABOUT EGRT CONSTRUCTION

EGRT Construction has been awarded the contract to design and build the Evergreen Line.
