Clarke Road and Seaview Drive Construction Update

The tunnel boring machine (TBM) is currently under Clarke Road at Seaview Drive as part of planned regular maintenance to inspect and replace the cutterhead tools before the TBM advances. While undergoing maintenance under Clarke Road at Seaview Drive, despite constructing a subsurface grout wall in front of the TBM, some ground material has entered the TBM chamber.

Crews will be drilling boreholes from the road surface of Clarke Road and Seaview Drive to investigate the grout wall constructed earlier this month. Additional grout may be injected from the surface to ensure that the grout wall is completely sealed in front of the TBM cutterhead. This will allow for the safe completion of the TBM maintenance.

Safety is the first priority on the Evergreen Line project and precautionary measures are undertaken to ensure the public is safe as the TBM continues its progress. This work will occur within a secure fenced area.

Traffic on Clarke Road continues with one lane in each direction; however traffic patterns may change if equipment needs to re-position to different locations.

WHAT TO EXPECT

- Hours of work will be 7 a.m. to 10 p.m. Monday through Saturday and 10 a.m. to 6 p.m. on Sunday (if required). Every effort is being made to complete work as early as possible in the evening; however, work will extend until 10 p.m. when required.
- A drill rig will be on site within the secure work area on Clarke Road to drill the boreholes.
- Noise related to construction activities will include pumps, generators, air compressors, hydro-vaccing, cement trucks and the use of heavy machinery.
- The use of construction lighting during nighttime working hours will continue.

CONSTRUCTION AND TRAFFIC BULLETIN

Port Moody

(Continued from page one)

Current Traffic Patterns

Clarke Road

- Lane closures on Clarke Road at Seaview Drive will remain in effect into April. A minimum of one lane in each direction will be maintained.

Seaview Drive (West)

- The west connection of Seaview Drive to Clarke Road will remain closed into April. Local residents wishing to access Clarke Road from Seaview Drive on the west side must continue to use the detour to Glenayre Drive.

Seaview Drive (East)

- The east connection of Seaview Drive to Clarke Road is now open, but turning restrictions to and from Clarke Road will be implemented into April.
- Access to Seaview Drive on the east side of Clarke Road will be right-in/right-out only.
- Local residents wishing to turn left on Clarke Road will detour to Seaforth Way.

Safety

- The speed limit on Clarke Road will continue to be reduced from 50 km/h to 40 km/h while work is underway.
- Digital speed warning boards have been installed to warn drivers if they are travelling too fast and additional enforcement will be in effect during the duration of construction.
- Traffic control personnel will be on-site at Clarke Road and Seaview Drive during working hours to assist drivers.
- Drivers, cyclists and pedestrians are asked to watch for construction and detour signs, observe posted speed limits, proceed with caution and follow the directions of traffic control personnel.

When the TBM maintenance is complete and the work site has been removed, the roadway at Clarke Road and Seaview Drive will be restored.

Your continued patience and understanding is appreciated. Please contact the Traffic Information Line at 604-927-2080, available 24 hours a day, seven days a week with any questions or concerns.
